SELECTMEN'S REPORT

At the first meeting of the Board of Selectmen for the Town of Clarendon Harold E. Johnson was appointed Chairman of the Board.

The following officers were appointed for the year:

Fence Viewers—Richard Pratt, Henry Potter and Russell Powers.

Pound Keepers—Hiram Spafford and Isadore LaVictoire.

Weigher of Coal—John Pratt.

Inspector of Wood, Shingles, etc.—Howard Pierce.

Tree Warden—Harold Johnson, Jr.

Fire Warden and Health Officer continued as of the previous year; William Lind and Carroll Rich respectively.

On the advice of Mr. Harwood, District Fire Supervisor, six fire pumps were purchased last year and an additional six this year.

In May it was suggested by some of the Townspeople that the road in front of the church on Clarendon Flats be widened and improved. It was also suggested that some of the people might make donations of time and/or money if necessary—provided the Town furnish its road men and equipment for work on the project. This work has been completed, greatly improving said road on Clarendon Flats.

The Selectmen, after consulting with the Auditors and other people, decided to add fifty cents per hundred of assessed value of property to each tax bill. This amount was used to pay money borrowed when the last new truck was purchased.

The resignation of Willard Dexter as auditor was received by the Selectmen and accepted. Robert Huntley was appointed to serve for the remainder of Mr. Dexter's term of office.

Working with John A. Durkee, District Highway Engineer, the road through Clarendon Springs has been changed and improved.

This year marks the two hundredth anniversary of the granting of our Town Charter. There are sixty-one Vermont Towns celebrating this event this year. The State Development Commission is anxious to coordinate such celebrations to prevent

conflict of dates. They have requested information as to any plans which the Town may have concerning this event. If any one is interested or has any suggestions about the matter the Selectmen would be glad to talk with them about it.

Following is a brief account of work done upon Town and State Aid Highways during the past summer and fall:

The total cost of repairing damage to the bridge on the Alfreacha Cross Road caused by Bellows Falls Creamery Truck was \$232.38. This bill was paid in full by the Creamery Trucking Company Insurance.

On October 10, 1960 the Selectmen borrowed \$30,000.00 on a Tax Anticipation Note bearing interest of \$750.00, the same becoming due October 10, 1961. On November 22, 1960 the Selectmen borrowed \$5,000.00 on a short term note due in one month. On December 24, 1960 this note was paid in full with interest of \$14.60.

On October 1, 1960 the 9th payment on the Grader note plus interest was made amounting to \$1,285.20.

On October 10, 1960 Tax Anticipation Notes for the year (1959-1960) were paid amounting to \$70,193.04.

January 1, 1951 the Town owed:

Proctor Bank—Tax Anticipation Note	\$30,000.00
School Account—Balance of 1960 School Tax	27,443.67
Grader Note—Final payment	1,260.00
Interest on Grader Note	25.20

This year the Selectmen would like to repair and paint the Town Hall which has been in great need of attention for some time.

To help with this project and various other things which need attention they are suggesting a tax of \$3.00 for the General Account for the year 1961.

Respectfully submitted,

HAROLD E. JOHNSON,
CHARLES RUANE,
PERCY E. TEER,
Selectmen.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Directors and Citizens of Clarendon:

I submit my eighth annual report as your Superintendent of Schools.

Schools opened on Wednesday, September 7, 1960, with the exception of the new North School. This school delayed its opening until Monday, September 19, in order that the final work might be completed. One hundred and fifty-three pupils constituted the enrollment at the beginning of school.

I am sure that the new North Clarendon School is a source of pride to the people of the town. This modern, two-classroom building provides a background for an educational program that will benefit the children of this area. An excellent job was done by the contractor and good value was received for the money spent. A detailed account of the cost of the building is presented on another page.

The School Directors are asking for authority to sell the old North School and the Hill School. Another request is for a study committee to participate with other towns on the high-school problem at Wallingford.

Tuition for our high-school pupils is a large part of our budget and will increase rapidly with the higher tuition costs. In the school year ending June 30, 1960, Clarendon pupils attended the following high schools:

Rutland High School.....	41
Mt. St. Joseph Academy.....	12
West Rutland High School.....	8
Springfield High School.....	1
Middletown High School.....	2
Wallingford High School.....	15

TOTAL **79**

Tuition charges for these 79 pupils cost \$22,812.42. These high schools will be raising their tuition charges for the coming school year.

Your teachers are continuing their efforts to provide the best instructional program for your children that is possible. Several teachers meetings during the school year help to coordinate the planning done in each school. A testing program designed to assist the teachers in directing their efforts has been carried on this year. Parents can help their children and the teachers by their co-operation in seeing that homework and good attendance are stressed.

In requesting a school tax for the coming year, your School Directors and Superintendent remind you of the bond issue payments that are necessary. On August 1, 1961, and each following August, we will have a payment of \$2,000.00 on the principal and each February and August we pay an interest charge. The interest charges decrease each year. For the coming school year, we recommend a school tax as follows:

Operating Costs	\$4.80
Bond Issue.....	.35
TOTAL	\$5.15

This represents a total increase of 40c from last year.

Respectfully submitted,

EDSON E. PHELPS,
Superintendent

VERMONT STATE DEPARTMENT OF HEALTH ANNUAL TOWN REPORT, 1960

The health of the town of Clarendon is the concern of its citizens, its doctors, health officer, selectmen and the State Department of Health.

Through its various programs the State Department of Health staff works with and for local people on community health, operating on both local and state levels. This is a report of some of the State Health Department services and programs your town used last year.

With the aim of keeping children well and helping handicapped children, well-child and school conferences were attended by 34 children. At the request of attending doctors 0 children received pediatric consultations, 1 received hospital diagnosis, 6 with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children and 0 were given financial aid toward hospitalization costs.

In the effort to control communicable disease 10 persons received chest X-rays; 44 children received immunizations, including boosters, against diphtheria, whooping cough and/or tetanus. Polio immunizations, including boosters, were given 37 children and adults in clinics and conferences. The State Laboratory performed tests on 27 water samples, 41 blood specimens and 1 other specimen. Vaccines, antitoxins and biologicals were distributed for protection against communicable diseases.

There were 44 sanitary inspections or consultations made at the town's food and lodging places and 10 concerning water supply, sewage disposal, public buildings and other problems, to protect health through improved town sanitation.

Individual interviews with the psychiatrist, psychologist or psychiatric social worker were given 6. Under the community mental health program to develop local projects for prevention, treatment or education in mental health, financial assistance and staff consultations are available.

In cancer work 2 received diagnosis and treatment at tumor clinics or were financially helped with hospitalization costs.

All programs in the department offer educational services. Pamphlets, films, a news release and information service and speakers are available. A health educator is available to help

town groups study their health problems and plan educational programs.

The Public Health nurse served at well-child and school conferences, X-ray and immunization clinics, assisted by local people. She visited homes, doctors, and agencies, making 367 visits on behalf of 82 persons and community health activities. Her service is an essential element in the department's program for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

R. B. AIKEN, M. D., M. P. H.
